Town Council Meeting

Library Given O.K. To Occupy New Building

At the regular October meeting of the Town of Vulcan Council, R. L. Jamison, representing the Library Board, was informed that the new library building was now completed and could be taken over by the Vulcan Public Library Board. The concrete block building, adjoining the new fire hall, will give greater space and better facilities for the public library. The major cost of construction was met through the provincial government recreation grant.

Vocal Workshop Starts Oct. 28

The Extension Music Department of the University of Alberta is pleased to announce that a Vocal Workshop will be held in Vulcan. The sessions will be held on four consecutive Saturdays from 3:00 to 5:00 p.m. and 7:00 to 9:00 p.m., commencing Saturday, Oct. 28, in the United Church of Vulcan.

Mrs. Eileen Higgin, of Calgary, a noted vocal teacher, will be the instructor. She would encourage an informal chat in between sessions on matters of music, voice, and other related topics that may arise in the course of conversation.

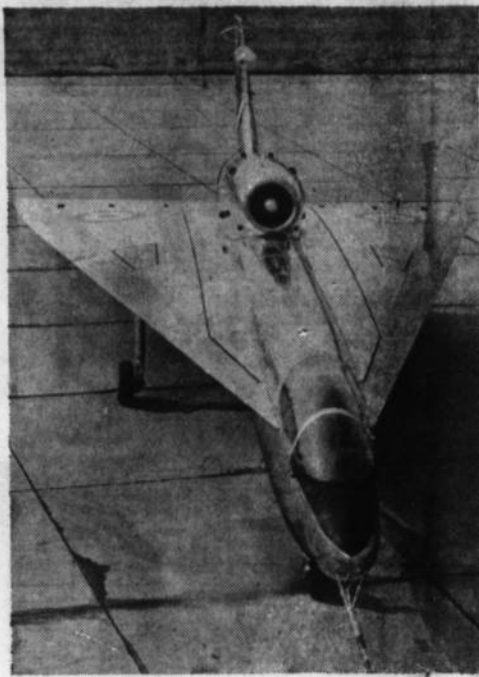

The course will cover voice production, breathing, diction, interpretation and other aspects in singing. The instruction will be in a class, but it would be all individual work. Those participating are asked to bring vocal solos for which they would desire coaching. Other music will also be supplied. Through this means of instruction one can learn the various techniques of handling different voices. This course should prove helpful also to choir directors in working with the voices in their own choirs.

The fees for this Vocal Workshop are \$10.00 for students and \$15.00 for adults, payable on the first day.

A minimum of 15 persons is needed for the Workshop. Please call Arthur Jones, Vulcan R-1516, in order to register. This is the first course of this nature to be offered to Vulcan, which is a follow-up on the Choral Workshop held last year.

John Simpson requested adjustment of 1961 taxes as improvements on his business property had been destroyed by fire on Aug. 14. The town will consult with the Department of Municipal Affairs regarding this matter.

City Hunter Nabbed For Game Act Infractions

Two infractions of the Game Act on the opening day of upland bird hunting will likely prove very expensive for a Calgary hunter. Nabbed by the Vulcan RCMP at 7:45 a.m., on Oct. 7, the hunter was found to have four freshly killed cock pheasants in his possession. The case will be heard in magistrate's court at Calgary and the hunter will face two charges, that of hunting before the legal hour of 8:00 a.m., and also of exceeding the daily bag limit.

A complaint that hunters were using a power boat on Lake McGregor to herd geese within range of other hunters was received the day after the offence was committed and the RCMP were unable to trace the culprit.

Several complaints have been received by the RCMP from farmers regarding hunters shooting close to dwellings. The Game Act plainly states that firearms shall not be discharged within 200 yards of a dwelling or farm buildings and farmers are advised to get the licence number and description of the car and, if possible, a description of the occupant or occupants of the vehicle and turn this information over to the RCMP. The information and complaint will be forwarded for action by the RCMP of the town or city at which the car is registered.

It is pointed out that elimination of some sections of the Game Act this year has resulted in the fact that "No Hunting" or "No Shooting" signs now have no legal meaning under the Act and land can no longer be posted as a bird sanctuary by use of these signs. The Act simply states that hunters must have permission to shoot on occupied land or land adjoining the farmer's place of residence. If permission to hunt is refused, the hunter must stay off the land, otherwise the farmer can lay a charge under Section 8, Subsection 2 of the Game Act.

Three Six-week Courses

Special Civilian Training Courses To Start Nov. 6

Vulcan and district has been allotted a quota of three classes of 30 men each in the nation-wide national survival training program which will be conducted this winter. Each class will last for six weeks and training will be conducted at the Vulcan Armouries.

Object of the plan is to provide additional reserves of men trained in rescue work, first aid, traffic and crowd control and similar tasks which would be of vital importance in the event of nuclear war or other disaster. Necessary military training, including the use of the new FN rifle, will be included in the course.

The training will be given to male volunteers in the age group 18 to 50 and will be eight hours a day, five days a week. Trainees will be paid every week at the same rate as a private soldier, plus subsistence allowance. This will amount to \$40 a week for six weeks for each man. Volunteers for this training will be enlisted in the Militia for the length of the course and, if they desire, may remain in the Militia for one-evening-a-week training at the conclusion of the six-week course. Every volunteer accepted for the special six-week course will be issued with army uniform and equipment for use during the course.

The training will be done largely by Militia personnel and former Militia and Regular Army personnel, who have volunteered for full-time duty during the civilian training period. The courses will be under the supervision of the Instructional Staff of the Regular Army.

The first course at Vulcan will start on Nov. 6. Militia instructors will, for the next two weeks, be taking an intensive two-weeks refresher course and administrative personnel who will be doing documentation and issuing of clothing will also take a refresher course.

Active recruiting for all three courses planned for Vulcan will start on Monday, Oct. 30. A full-time staff of four additional personnel, headed by Lieut. Mel Burgess, will be on hand every day to receive applications and personnel will also be on duty at the Armouries from 8:00 to 11:00 each evening of that week and all day Saturday, Nov. 4, to answer questions and take applications.

Lorna Gerding Heads FWUA At Berrywater

On Oct. 4, 12 members of the Berrywater FWUA met at the home of Mrs. Margaret Richardson. Roll call being, "A penny for each inch of your waist or your age, whichever is the greater." The pennies going to the ACWW.

Making of badges out of old sheets for the Unitarian Service committee was discussed and will be done at the next meeting. Members are asked to bring needles, thread, buttons or other items which will be needed for the work. The Regal tea and demonstration of Christmas gifts was discussed and planned, the date set for Oct. 23, at 2:30 p.m. It was also decided to have some contests with prizes and that free coffee and cake would be served. Everyone welcome. Having meeting at night rather than in the afternoon was discussed and tabled until the next meeting.

The election of officers was then held, with Marjorie Love in the chair. Election results were as follows: President, Lorna Gerding; vice-president, Marjorie Love; secretary, Janette Sinclair; directors, Betty Wickstrom, Muriel Smith and Reta Love; Sunshine convener, Margaret Jones; Library representative, Mrs. Isa Oldfield; Rest Room representative, Mrs. Hazel Smith; Club reporter, Reta Love. Thanks was given the retiring officers.

Entertainment was in the way of a Thanksgiving reading by Muriel Smith and was enjoyed by all. A delicious lunch was served by co-hostesses, Barbara Webber, Betty Wickstrom and Heather Gerding. The next meeting will be held at the home of Gladys Rushfeldt on Nov. 1.

Rifle Shoot Will Be Annual Event

The first Rifle Competition of the Vulcan and District Fish & Game Association was held last Sunday at the Carl Steiner farm and drew 25 entries in the big rifle competition and 35 with .22's. The turnout was down somewhat from expectations with only two men from Vulcan shooting while most came from the nearby area and three from Mossleigh and two from Carmangay filled the day from 10:00 a.m. to 5:00 p.m.

The day was warm and sunny for the shoot and variable winds had some effect on the rifles with up to a four-inch deviation on target noted at some times.

Organizing the event were Jerry and Carl Steiner, Merle Smith, Howie Marshman and Dan McNiven, while the Cottonwood Good Deeds Club served lunch. For most of the big rifle sportsmen it was part convention and part shoot as all loaded their own shells and much time was spent discussing the various weights of powder, bullets and the effect of the home loads in their shooting.

On the Steiner farm is a deep, wide coulee which was used for the competition, and the entries shot from the bottom of the coulee into targets placed on a rotating wagon wheel against the side of the hill, making the location ideal from the safety angle.

A similar event is to be planned for next year and the feeling was that a Saturday would be picked as a more attractive day to draw more entries.

A complete list of gold medal winners will be carried in next week's Advocate.

Final meeting of the local Fish & Game group for 1961 is coming up next Wednesday, Oct. 25, in the Vulcan Cafe. It will be Upland Bird Night with committee chairman Merle Smith in charge. Three films will be shown and important business will be dealt with so a good turnout is anticipated.

Show Home "Open House" Well Attended

Over 400 interested visitors, including some from Lethbridge and from almost every point in the county, took advantage of Beaver Lumber's "Open House" for three days last week and toured the new Show Home in the block opposite the RCMP barracks.

The "RTM" house, completely built this spring at the Beaver Lumber yard under a new plan of the company to integrate home building with lumber sales, was hauled onto its foundation three blocks away in June, by Earl Moore, a house-mover from Gleichen.

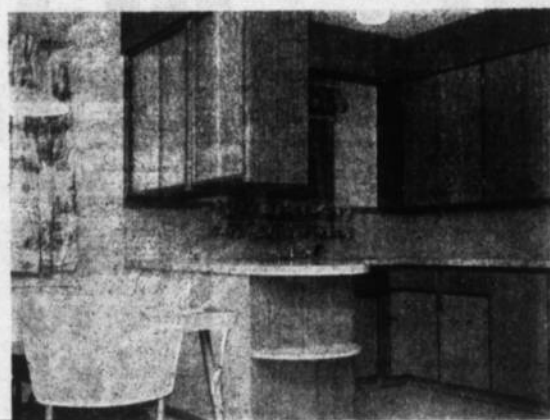

Built by Beatty Construction, the three-bedroom house has a floor area of 1040 square feet and is valued at \$12,500 complete. Eight to ten weeks is the normal construction time required.

In addition to Beatty Construction, local tradesmen were employed on the project. Harvey Simmons did the basement excavation and McNairland Plumbing, MacDonald's Electric, Taylor Bros. and George Seaman all had a part in the services to the home.

Bedroom and dining room suites, bunk beds, a chesterfield and miscellaneous furniture were supplied by Vulcan Furniture.

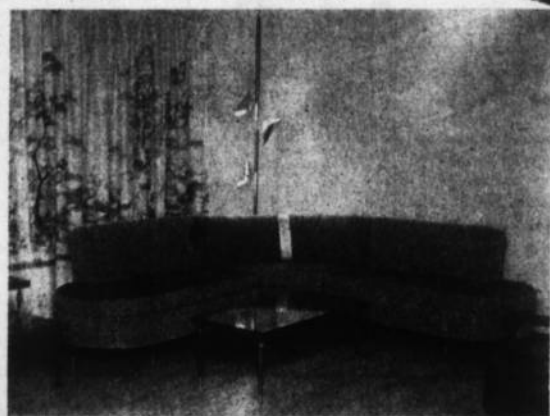

Despite the moderate size of the home, a degree of spaciousness is gained by the living room, done in frosty aqua shade, which leads into a combination kitchen-dinette, and on around to a U-shaped kitchen. Beyond is the stairway leading to the full basement, and the back door. Next is the bathroom done in pale green shades while the three bedrooms lead from the short hallway. These rooms are in pastel shades of garden pink, blue and pearl powder while the hallway is in white coffee shade. A peach powder color was used in the kitchen and the whole interior is pleasantly matched with two shades of brown on the exterior over 1/2"x10 cedar siding.

On Saturday, the last day of the three-day show, building representatives were on hand with rug, broadloom and tile displays, colored slides of plywood products and window and flex-door demonstrations. Beaver Manager Al Beatty reception given the new company home into which his family moved

kitchen-dinette leads from the living room giving greater space to this area of the house.

A view of the living room of Beaver Lumber's new show home is shown above. Over 400 visitors inspected the house located north of the RCMP barracks. The three-

piece sectional chesterfield by Vulcan Furniture was specially built from sketches drawn by Beaver manager's wife, Mrs. Al Beatty.

Sunday. "We are indebted to the firms who helped us during the opening, and to Vulcan Furniture for their contribution and to the many persons who looked through the house and made use of our suggestion box to record their impressions of the home."

In conjunction with this project Beaver Lumber has special financing plans for RTM homes with a small down payment and monthly payments over a 10 year period.

Saturday afternoon Mrs. Beatty and Mrs. Johnny Douville served coffee and doughnuts to the guests.

Mr. and Mrs. Arnold Boe attended the funeral of Jack Hill in Vulcan last Thursday.

Friends will be glad to hear that Stan and Maurice Henrickson have

at last been able to drill a well and this time they hit water. They have been drilling right around 14 other wells that are dry. The water situation in the district to some farmers has been very grim.

Several residents attended the Home and School meeting in Lomond on Thursday evening. The talk given by Bill Shields was very much enjoyed.

Dianne Pytlartz of Lomond was an over-night visitor at the home of Sheila and Charlean Lucas. Mar-

lene Honess of Lomond spent Friday evening at the home of Cheryl Herman.

Mary Johnstone of Lomond was a weekend visitor at the home of Mr. and Mrs. Arnold Boe.

The novelty dance at Lomond was fairly well attended, all having a good time.

Deloras Marks had the misfortune of breaking a tooth at school on Friday.

Basic Herd Advantages Emphasized By Former Government Solicitor

The advantage of having a basic herd is something no livestock breeder can afford to overlook. In the case of a forced sale brought about by drought, failing health, death or any other reasons, the animals are treated as capital gain and are, therefore, exempt from taxation.

The basic herd came into being in 1947 when the Taxation Department decided that it was unfair to make a farmer or rancher pay tax on the income derived from the sale of a herd of animals which he had acquired as a gift, bought out of his own capital or built up by natural increase.

C. S. Brantley, formerly Solicitor with the Alberta Department of Agriculture, pointed out that a horse, cattle, sheep or swine breeder can have these animals approved as a basic herd by applying to his district taxation office. To qualify, however, the stock must have reached maturity (3 years for horses, 2 years for cattle and 1 year for sheep and swine).

Additions to the permanent herd should always be added to the basic herd. If this is not done the breeder will only be able to claim tax exemption on the original

animals and the rest will be treated as taxable income. When adding an animal to the basic herd which has been bought, the owner cannot claim it as an expense against his income and similarly if he has raised it himself, he must enter it as income in his tax returns the same year it is added to the basic herd.

A basic herd can comprise one or an unlimited number of animals and a breeder can have several basic herds at one time. He might have a basic herd of purebred cattle and another of commercial cattle, sheep or swine.

To benefit from a basic herd, Mr. Brantley stresses that an application form must have been filed with the district taxation office at least 30 days before the sale of the animals. If the herd or part of it has already been sold, the owner may be able to get some taxation exemption by proving that the stock would have qualified as a basic herd. Needless to say, it is much safer and more satisfactory to establish the herd in the proper way than to depend upon the understanding and good will of the tax collector.

Regular Meeting Reid Hill W.I.

Mrs. Ross Walker was October hostess to the regular meeting of Reid Hill W.I. held Friday, Oct. 13, one day later than the scheduled date. Mrs. R. Harold and Mrs. F. McRoberts were assisting hostesses. Mrs. Harold presided and was assisted by the secretary, Mrs. J. French. Correspondence was light and routine. An order for a wreath, to be placed on the cenotaph on Remembrance Day was voted.

Roll call was answered by each member introducing the guest she had brought to the meeting, and giving the name of a favorite radio or TV program.

At the conclusion of the business session the meeting was turned over to Mrs. E. Deal and Mrs. J. French who were in charge of the program for the meeting. Some very interesting and original contests were presented with Mrs. McKay and Mrs. McIntyre being winners for one and Mrs. Love and Mrs. Rutberg winners of another one. Mrs. French also gave two highly entertaining readings, in which the ladies participated.

Members whose birthdays occur in October were presented with small gifts, when Mrs. McKay, Mrs. South, Mrs. Harold, Mrs. Marshall, Mrs. Walker and Mrs. Deal received the best wishes of all present.

A delicious hot lunch was served by the hostesses to conclude the happy afternoon.

Letters to the Editor

Box 41, Arrowwood, Alta. Oct. 10th, 1961.

The Vulcan Advocate, Vulcan, Alberta.

Dear Editor,

Could I please have the opportunity of writing to the ladies in this area, inviting them to the Farm Women's Rally in the basement of the United Church, Oct. 31. Registration at 10:00 a.m.

This is a splendid opportunity for women of all organizations to get together for a worthwhile day. Mrs. Laura Gibeau, 2nd vice-president of the Provincial FWUA hopes to come. Her topic will be, "Areas of Responsibility in Education."

A speaker and questions on Medical Services Insurance should be of special interest to all.

Mrs. Richmond, Nanton, District 12 FWUA Director will be there, and Mrs. Huddleston, Alternate FWUA also. Please come and give these ladies a very warm welcome to our sub-district.

Thanking the editor very much for the privilege of using this page.

I remain yours sincerely,
Margaret E. House.

Underpaid . . .

When a rumor got around that a certain farmer was underpaying his help, an inspector came to check up. "How many people do you employ?" he asked

Emergency North. The World's Most Expensive Citizens

Canada takes good care of her 12,000 Eskimos. To protect their health the government puts out more than \$23 million a year. In emergencies such as the one shown above, for instance, flying an injured Eskimo from his remote village to a modern hospital may cost up to \$4,000. All this makes the Canadian Eskimos the world's most expensive citizens.

No one complains of this expense, however. For there is a very good reason for it. Until not too long ago Eskimos were dying out. This came about when the Eskimo's naturally hard lot of hunger,

cold, and accident, contact with the White Man added tuberculosis, syphilis, polio and many of the other ills of civilization. The government realized that unless something were done to help them, the Eskimos might well disappear from the Canadian scene.

Now, a regular network of health stations protects the well being of these indigenous residents of Canada's Far North. Costs are high because the country is wild and rough and distances great between the widely scattered Eskimo communities.

The story of how Canada

has accomplished this impressive task is told in the September-October issue of "World Health," the bimonthly magazine of the World Health Organization. This latest issue of World Health is devoted exclusively to health in the Americas. Other articles cover the water crisis in Latin America, the building of model health services in Brazil's new capital city of Brasilia, and the history of the Pan American Sanitary Bureau, the world's oldest international health organization and since 1949 WHO's Regional Office for the Americas.

Mr. and Mrs. Alva Love recently returned from a three-week holiday with friends and relatives in Eastern Ontario. Of special interest was a visit to Upper Canada Village near Morrisburg. This village when complete will show what life was like in the 1800's. The various buildings of this village have been moved from the surrounding country and the small log house of Alva's grandparents, the McIlraiths of Hope town, is one of these. A number of old friends were met at the 110th anniversary of Middleville Agricultural fair. Just 50 years

since they were there last — time has brought many changes.

Ladies' Sunshine Club

The first meeting of the fall season, Oct. 11, with 12 members and two visitors attending.

It was agreed to hold card parties in the hall, the second Friday of each month, commencing in November. The lunch committee comprising of six members will be in charge of the parties. In preference to a Halloween party members will entertain their families to a pot-luck supper and entertainment in December. Mrs. son was held at the home of Mrs.

Margaret Hanna and Mrs. Edith Lillian Hartung on Wednesday. Dunham volunteered to represent the club at a meeting held in town by the TB X-Ray Clinic.

The tea draw was won by Mrs. Margaret Hanna. Following adjournment Mrs. L. Diemert gave an interesting flannelgraph and reading which was appreciated by all. A sumptuous lunch served by the hostess, assisted by Mrs. Hazel Gilles concluded a most pleasant afternoon.

The next meeting will be held at the home of Mrs. Clara Love on Wednesday, Nov. 8.

HOME & SCHOOL ASSOCIATION

The regular meeting of the Carmangay Home and School was held in the dining room of the Grange Hotel on Thursday evening. Due to the absence of the president, the vice-president, Mrs. Alvin Anderson very capably conducted the meeting.

Mrs. Vivian McFarland read an interesting paper on, "Why belong to Home and School." Mr. Palk reported that due to the lack of articles to display, "Achievement Day" will not be held this fall, but will endeavour to have one

next spring. Mrs. Emma Smith and Mrs. Melvina Roemmele are planning to attend the Banff Work Shop, Oct. 17-18.

A letter from the AF of Home and School was read urging people to write in to TV stations, commenting on programs, whether the programs are good or bad.

Mrs. Anderson welcomed Mr. Cummings to the meeting and it is hoped he will attend future meetings. The matter of transportation to Champion to attend school parties proved to be a problem, as it seemed a teacher must accompany a van load of students, so Glen Moore suggested that possibly parents take turns so as not to tie the teachers down each time. This is to be taken up at the county meeting.

Mrs. Emma Smith then called on Mr. Palk to introduce the superintendent, Mrs. Hawksworth. Mr. Hawksworth gave a very clear picture as to the need of education for the young people. Three-quarters of the unemployed today have a Grade 9 or less education.

A Hallowe'en skit was performed. Contest was won by Mrs. V. Teskey. Lunch concluded the evening.

C.W.L. COUNCIL

The regular monthly meeting of the C.W.L. Council of Carmangay was held at the home of Mrs. Rudy Hubka on Oct. 11. Owing to the absence of Father Marien, the president, Mrs. Bob Parker opened the meeting with the league prayer.

Following discussion it was decided that a pre-order bake sale be held. The members present donated generously to the Rosary to Chile fund. Special reasons for saying the family Rosary every day during the month of October were read by Mrs. F. Hubka.

Following the adjournment of the meeting a delicious lunch was served by the hostess.

Highlight of the day will be a talk by Mrs. Gebeau on "Areas of Responsibility in Education." There will also be a medical speaker on medical service insurance.

The election of a FWUA sub-director will also take place. This meeting is for all women, Arrowwood, Mossleigh, Herrington, Ensign, Vulcan, Milo, Queenstown, Berrywater, Lomond and Armada.

POT-LUCK SUPPER

The basement of the United Church was a hive of activity when the congregation gathered for a pot luck supper which served as an official welcome for Rev. and Mrs. D. Dickie and their family.

It was fitting that Rev. Dickie chose the story behind the union of the three great churches in 1925, as his theme for an illustrated talk to the children at the morning service. He thanked all those who had made possible the delicious meal served at the welcome ceremony.

Later in the evening Mrs. Phyllis Williams called on Mrs. Ella Hayes and presented her with a beautifully engraved plaque as a token of appreciation for her many years of faithful service for the United Church as organist and choir leader. Her work with the

Girl Guides was also commented upon as she has done invaluable work with the young girls of the community in this field. Three girls, Carolyn Hayes, Nadine Arme and Linda Arme, have all received gold cords, a high honor in Girl Guide work. A great deal of their success is credited to their leader, Capt. Ella Hayes.

LOIS & CAROLYN HAYES' SHOWER

Ladies from Arrowwood, Gleichen, Mossleigh, Vulcan, Carmangay and Lethbridge gathered in the Arrowwood Community Hall to honor Lois and Carolyn Hayes, whose double wedding is a coming event for Oct. 28.

A short program consisting of a contest, piano solos by Donna Williams and Jenny House and a tap dance routine featuring the principals of the forthcoming wedding were enjoyed by all. Donna Williams as Walter Leadbeater, Carol King as Lois, Beverley Richardson as Carolyn and Rhonda Murdock as Duane Binning went through an amusing dance number with Mrs. Richardson as pianist.

As Lois and Carolyn have been active in Guides, the Arrowwood Troop in full uniform sang, "My Country," with their new assistant leader, Arlene Jacobson at the piano.

The committee in charge introduced a novel way of displaying the many lovely gifts in the club room which saved the ladies time usually taken up with passing all the gifts. At the tea table two beautiful wedding cakes baked in the double wedding ring style were the central theme. The ladies enjoyed a bountiful lunch served by the Arrowwood ladies.

Both girls thanked all those present and the committees in charge for putting on the shower.

— LAST WEEK'S MARKET REPORT —

TUESDAY, OCT. 10—Calf and Feeder Sale—We didn't have many of those good kind of ranch cattle that the buyers like. We had mostly barny and cattle and they sold like hot cakes. Good stock yearling steers \$21 to \$22; good stock yearling heifers \$17 to \$18.50; choice stock steer calves \$24 to \$26; good stock heifer calves \$20 to \$22. The other grades of calves sold proportionately well.

WEDNESDAY, OCT. 11—Saw us hold another successful horse sale. 113 horses went through the ring and only five were passed out. We think this is a record for horse sales and the buyers like it very much. We had a very large offering of suckling colts and including these our horses averaged \$85 per head. Hary Christiansen of High River consigned a beautifully well broke pinto gelding. He topped the sale at \$285, going to the OX Ranch at Longview.

FRIDAY, OCT. 13—Our best steers made \$22.40. We had no strictly choice steers or heifers on offer. The most of our cattle came into the good to low choice bracket. Good to low choice butcher steers \$21 to \$22.40; good to low choice butcher heifers \$20 to \$21; good cows \$12 to \$14; stock cows sold by the dollar at from \$100 to \$170.

**Scott-Emery
Vows Solemnized**

Before an altar decked with pink and white gladioli and standing candelabra, Archdeacon J. W. Carter officiated at the double ring ceremony in which Elaine Margaret Emery, daughter of Mr. and Mrs. J. G. Emery of Medicine Hat became the bride of Jay Gordon Scott, son of Mr. and Mrs. A. G. Scott of Vulcan.

The service was performed in St. Barnabas Anglican Church at 5:00 p.m., Sept. 12, at Medicine Hat.

Given in marriage by her father, the bride wore a floor length gown of white brocade satin featuring a fitted bodice with lily point sleeves and a round neckline, and a belled skirt with back fullness dipping into a slight train.

Her chapel veil fell from a pearl studded coronet and her only jewelry was a single strand of pearls, the gift of the groom. She carried a cascade bouquet of white shasta daisies centred by a pink cymbidium orchid.

Miss Merle Redecopp, as bridesmaid, chose a gown of avocado green lace poised over taffeta with matching lace gloves and headpiece. Her cascade bouquet was of yellow shasta daisies.

Attending the groom was John Jamison of Vulcan. Ushers were brothers of the bride and groom, Ross Emery and Douglas Scott.

Wedding music was played on the organ by Miss Sherry Palmer.

For her daughter's wedding Mrs. Emery chose a sheath style dress of beige and gold lame and a beige feathered hat. Her corsage was of white shasta daisies and gold 'mums. Mrs. Scott was attired in a two piece dress of sky blue brocade with a flowered hat entone. Her corsage was of pink and white carnations.

Over 100 guests were welcomed at the reception held at Connaught Golf Club following the service. For the occasion the hall was decorated with pink and white streamers and wedding bells.

The bride's table was centred by a three-tier wedding cake surrounded by smilax and flanked by tall tapers set in crystal candelabra centred with flowers.

The toast to the bride was proposed by Archdeacon Rutherford. John Jamison, as master of ceremonies, read telegrams of congratulations from friends and relatives unable to be present.

Mr. and Mrs. Scott left for a holiday at Banff and Jasper prior to taking up residence in Edmonton where both are attending the University of Alberta. For travelling the bride loaned a beige wool frock with matching hat and shoes. To complete her costume a magenta pink coat was worn.

In addition to the groom's family and relatives from Vulcan, out-of-town guests present for the wedding came from Innisfail, Coleman, Banff, Stettler, Red Deer, Edmonton and Calgary.
